

Paper Plate Flowers

Materials:

Small paper plates

Green paper

Green paint for stems

Colored paint for flower petals

Popsicle sticks

Glue

Scissors

Step 1: Cut small slits around the edges of the paper plates. Cut second slits to take out a small piece of the paper plate. (See picture)

Step 2: Paint the popsicle sticks green and allow them to dry.

Step 3: Paint the paper plates any colors you'd like your flowers. Decorate them and allow them to dry.

Step 4: Glue the popsicle sticks to the back of the plates to create the stems.

Step 5: Cut two leaves from green paper and glue one to each side of the popsicle sticks.

Step 6: Create as many as you like and admire your new paper flower garden!
